

Step 1

Measure the height of your canvas in cm

Step 2

Multiply it by 0.524 (eg. $50 \times 0.524 = 26.2$)

Step 3

Take that number, measure it from the top and draw a line across

Step 4

Paint within this area

Note: *If you want to paint the bottom half, measure from the bottom. If you want to paint on the left side, measure from the left etc.*

0 1 2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37 38 39 40 41 42 43 44 45 46 47 48 49 50

26.2

eg. $40 \times 0.524 = 20.96$
