We asked 10,000 people across 10 markets* about theirs

On average they’re set for a peak wealth at age 60 of over

US$1,000,000

US$420,000
Emerging Affluent

US$821,000
Affluent

US$2,022,000
HNWI**

What’s your wealth expectancy?

Will you be able to fund your goals?
6 out of 10 will fall short by 50% or more

How far are you from your target?
Some are further than others

How can you bridge the gap?
Simple savings may not be enough

*China, Hong Kong, India, Kenya, Malaysia, Pakistan, Singapore, South Korea, Taiwan, UAE
