Important Notice

This document contains or incorporates by reference “forward-looking statements” regarding the belief or current expectations of Standard Chartered PLC (the “Company”), the board of the Company (the “Directors”) and other members of its senior management about the strategy, businesses and performance of the Company and its subsidiaries (the “Group”) and the other matters described in this document. Generally, words such as “may”, “could”, “will”, “expect”, “intend”, “estimate”, “anticipate”, “believe”, “plan”, “seek”, “continue” or similar expressions are intended to identify forward-looking statements.

Forward-looking statements involve inherent risks and uncertainties. They are not guarantees of future performance and actual results could differ materially from those contained in the forward-looking statements. Recipients should not place reliance on, and are cautioned about relying on, any forward-looking statements. Forward-looking statements are based on current views, estimates and assumptions and involve known and unknown risks, uncertainties and other factors, many of which are outside the control of the Group and are difficult to predict. Such risks, factors and uncertainties may cause actual results to differ materially from any future results or developments expressed or implied from the forward-looking statements. Such risks, factors and uncertainties include but are not limited to: changes in the credit quality and the recoverability of loans and amounts due from counterparties; changes in the Group’s financial models incorporating assumptions, judgments and estimates which may change over time; risks relating to capital, capital management and liquidity; risks associated with implementation of Basel III and uncertainty over the timing and scope of regulatory changes in various jurisdictions in which the Group operates; risks arising out of legal and regulatory matters, investigations and proceedings; operational risks inherent in the Group’s business; risks arising out of the Group’s holding company structure; risks associated with the recruitment, retention and development of senior management and other skilled personnel; risks associated with business expansion or other strategic actions, including engaging in acquisitions, disposals or other strategic transactions; reputational, compliance, conduct, information and cyber security and financial crime risks; global macroeconomic and geopolitical risks; risks arising out of the dispersion of the Group’s operations, the locations of its businesses and the legal, political and economic environment in such jurisdictions; competition; risks associated with the UK Banking Act 2009 and other similar legislation or regulations; risks associated with the discontinuance of IBORs and transition to alternative reference rates; changes in the credit ratings or outlook for the Group; market force or condition, future exchange and interest rates, commodity prices, equity price and other market risk; financial market volatility; systemic risk in the banking industry and among other financial institutions or corporate borrowers; country risk; risks arising from operating in markets with less developed judicial and dispute resolution systems; legislative, regulatory, policy developments, development of standards and interpretations, the ability of the Group to mitigate the impact of climate change effectively, risks arising out of regional hostilities, terrorist attacks, social unrest or natural disasters; risks arising out of health crises and pandemics, such as the coronavirus outbreak; climate related transition, environmental, social or physical risks; business model disruption risks; changes in tax rates, future business combinations or dispositions and other factors specific to the Group; the implications of a post-Brexit and the disruption that may result in the United Kingdom and globally from the withdrawal of the United Kingdom from the European Union; and failure to generate sufficient level of profits and cash flows to pay future dividends. Please refer to the Company’s latest Annual Report for a discussion of certain other risks and factors which may impact the Group’s future financial condition and performance.

Any forward-looking statement contained in this document is based on past or current trends and/or activities of the Company and should not be taken as a representation that such trends or activities will continue in the future. No statement in this document is intended to be a profit forecast or to imply that the earnings of the Company and/or the Group for the current year or future years will necessarily match or exceed the historical or published earnings of the Company and/or the Group. Each forward-looking statement speaks only as of the date of the particular statement. Except as required by any applicable law or regulations, the Company expressly disclaims any obligation or undertaking to release publicly or make any updates or revisions to any forward-looking statement contained herein whether as a result of new information, future events or otherwise.

Nothing in this document shall constitute, in any jurisdiction, an offer or solicitation to sell or purchase any securities or other financial instruments, nor shall it constitute a recommendation or advice in respect of any securities or other financial instruments or any other matter.
