Grievance Redressal Policy

1. Introduction

In the present scenario of competitive banking, excellence in customer service is the most important tool for sustained business growth. Customer complaints are part of the business life in any corporate entity. This is more so for banks because banks are service organizations. As a service organization, customer service and customer satisfaction are our prime focus. We believe that providing prompt and efficient service is essential not only to attract new customers, but also to retain existing ones. Our Bank has come up with a lot of initiatives that are oriented to providing a better customer service and a better complaints redressal mechanism.

The bank’s policy, on grievance redressal has been formulated taking into account the following:

• Customers are treated fairly at all times
• Complaints raised by customers are dealt with courtesy and on time
• Customers are fully informed of avenues to escalate their complaints/grievances within the organization and their rights to alternative remedy, if they are not fully satisfied with the response of the bank to their complaints.
• All complaints are dealt efficiently and fairly
• The bank employees work in good faith and without prejudice to the interests of the customer.

In order to make the bank’s redressal mechanism more meaningful and effective, a structured system has been built. This system would ensure that the redressal sought is just and fair and is within the given frame-work of rules and regulation. All the employees are aware of the Complaint handling process.

The customer has every right to register his/her complaint if he/she is not satisfied with the services provided by the Bank or its service providers. Customers can give their complaint in writing or over telephone or SMS or through the Internet Banking facility. In case the complaint is not resolved within the given time or if he/she is not satisfied with the solution provided by the bank, the customer can approach the Banking Ombudsman or other available legal avenues with their complaint for grievance redressal.
