

Announcement

We are getting into the Raya mood with a re-skin of our login pages!

We are releasing a new log-in background for Online Banking and SC Mobile, in conjunction with the Ramadhan season and the upcoming Hari Raya celebrations.

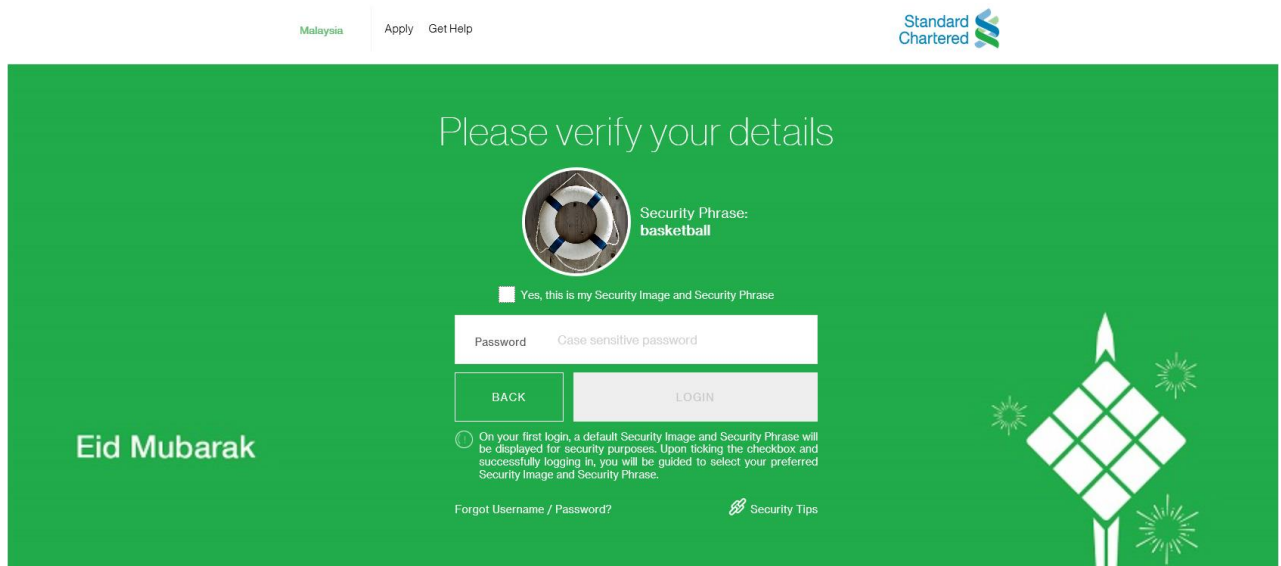

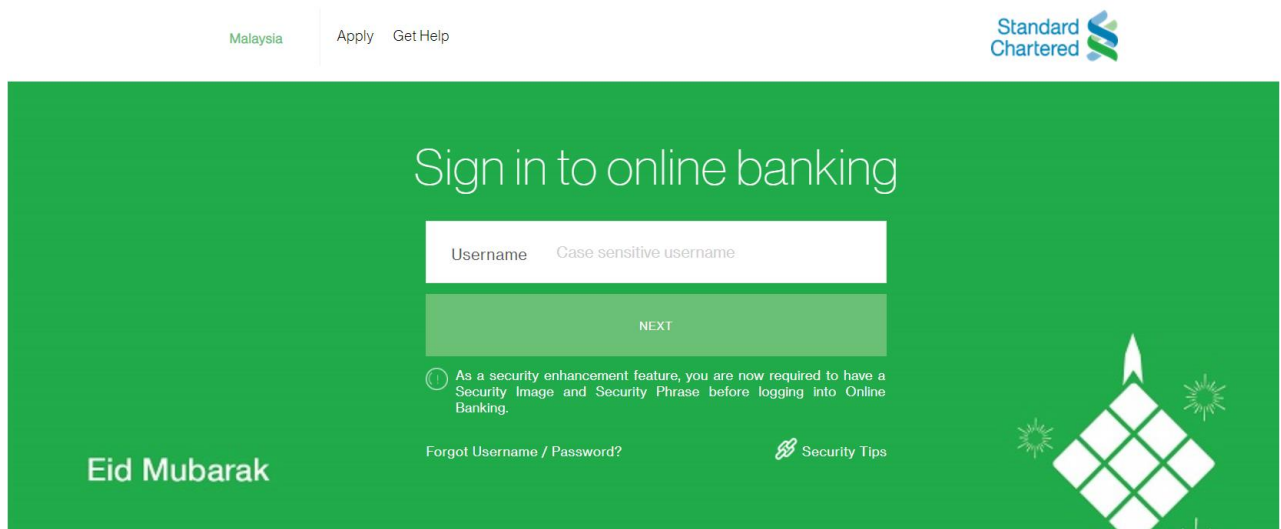

Customer will see the new theme on the log-in screens, effective 14/05/2019.

All desktop users will see the new log-in background. SC Mobile users will need to update their SC Mobile app for the 'Hari Raya' log-in background to be downloaded and active. After the Raya season is over, we will replace it with the default KLCC background.

Try it out now!
