a) All foreign currency transactions (including overseas and online transactions) effected in US Dollars will be converted to Singapore Dollars on the date of conversion. All foreign currency transactions effected in a foreign currency other than US Dollars will be converted into US Dollars before being converted into Singapore Dollars (the converted Singapore Dollars amount). The exchange rate may differ from the rate in effect on the date of the transaction due to market fluctuations. Any rate imposed is final and conclusive and you bear all exchange risks, loss, commission, and other bank costs which may be incurred as a result. All conversions will be based on the prevailing wholesale interbank rates or the government-mandated rate, as shall be determined by the respective card associations, namely Visa Inc. (Visa) or Mastercard International (Mastercard).

b) In addition, all foreign currency transactions (including overseas and online transactions) charged to Visa / Mastercard cards will be subject to: (i) a prevailing charge of 1% of the converted Singapore Dollar amount representing the charge imposed by Visa / Mastercard on the transaction; and (ii) a prevailing fee of 2.5% of the converted Singapore Dollars amount.

a) If your foreign currency transactions (including overseas and online transactions) are converted into Singapore Dollars via dynamic currency conversion, which is a service offered at selected overseas ATMs, websites or by certain merchants (DCC), you acknowledge and agree that the process of conversion and the exchange rate applied will be determined by the relevant DCC service provider and not by us.

b) In addition, all foreign currency transactions (including overseas and online transactions) converted via DCC will be subject to a prevailing charge of 0.8% of the transaction amount representing the charge imposed by Visa on the transaction, or a prevailing charge of 1% of the transaction amount representing the charge imposed by MasterCard on the transaction.

Singapore Dollar Transactions Processed Overseas

If you enter into Singapore Dollar transactions with: (i) a local merchant that routes its payment processing through an overseas intermediary; or (ii) a merchant that is registered by its acquiring bank (the Acquirer) as having been acquired overseas, regardless of where the merchant is actually located, such transactions will be subject to a prevailing charge of 0.8% of the relevant transaction amount representing the charge imposed by Visa on the transaction, or a prevailing charge of 1% of the transaction amount representing the charge imposed by MasterCard on the transaction.
