Min. tenor 1 week

Any premature upliftment is subject to penalty charges as set out below:

Total Penalty = Interest Accrued + Handling Fee (USD25) + Replacement Cost

Replacement Cost = (Current Market Day Rate – Contract Rate) x Remaining Days to Maturity

The Replacement Cost can be zero if the Current Market Rate at the date of the premature upliftment is less than the Contract Rate.

Current Market Rate refers to the current interest rate, which is based on the market conditions for the applicable currency, at the date of the premature upliftment.

Contract Rate refers to the Interest Rate that would have been payable to you if you held the Time Deposit until maturity.

Note
Standard Chartered reserves the right to forfeit all or any part of interest awarded at a promotional rate in respect of a Time Deposit if you withdraw the Time Deposit before it matures.

Any renewal of a Time Deposit is at the Bank’s prevailing Time Deposit board rate for the same tenor.

Late payment charges

A late payment charge of S$80 will be charged if minimum payment due is not received by the due date.

*An account is considered past due if the minimum payment due is not received in full on or before the due date set out in the statement we issue for your account. The adjustment/ reinstatement of interest rate will be effective on the first business day after your next Statement Date.

Foreign Currency Transactions
a) All foreign currency transactions (including overseas and online transactions) effected in US Dollars will be converted to Singapore Dollars on the date of conversion. All foreign currency transactions effected in a foreign currency other than US Dollars will be converted into US Dollars before being converted into Singapore Dollars (the converted Singapore Dollars amount). The exchange rate may differ from the rate in effect on the date of the transaction due to market fluctuations. Any rate imposed is final and conclusive and you bear all exchange risks, loss, commission, and other bank costs which may be incurred as a result. All conversions will be based on the prevailing wholesale interbank rates or the government-mandated rate, as shall be determined by the respective card associations, namely Visa Inc. (Visa) or Mastercard International (Mastercard).
b) In addition, all foreign currency transactions (including overseas and online transactions) charged to Visa / Mastercard cards will be subject to: (i) a prevailing charge of 1% of the converted Singapore Dollar amount representing the charge imposed by Visa / Mastercard on the transaction; and (ii) a prevailing fee of 2.5% of the converted Singapore Dollars amount.

Dynamic Currency Conversion
a) If your foreign currency transactions (including overseas and online transactions) are converted into Singapore Dollars via dynamic currency conversion, which is a service offered at selected overseas ATMs, websites or by certain merchants (DCC), you acknowledge and agree that the process of conversion and the exchange rate applied will be determined by the relevant DCC service provider and not by us.
b) In addition, all foreign currency transactions (including overseas and online transactions) converted via DCC will be subject to a prevailing charge of 0.8% of the transaction amount representing the charge imposed by Visa on the transaction, or a prevailing charge of 1% of the transaction amount representing the charge imposed by MasterCard on the transaction.

From 25 June 2018,
a) If your foreign currency transactions (including overseas and online transactions) are converted into Singapore Dollars via dynamic currency conversion, which is a service offered at selected overseas ATMs, websites or by certain merchants (“DCC”), you acknowledge and agree that the process of conversion and the exchange rate applied will be determined by the relevant DCC service provider and not by us.
b) In addition, all foreign currency transactions (including overseas and online transactions) converted via DCC will be subject to a prevailing charge of 1% of the transaction amount representing the charge imposed by Visa/Mastercard.
Singapore Dollar Transactions Processed Overseas

If you enter into Singapore Dollar transactions with: (i) a local merchant that routes its payment processing through an overseas intermediary; or (ii) a merchant that is registered by its acquiring bank (the Acquirer) as having been acquired overseas, regardless of where the merchant is actually located, such transactions will be subject to a prevailing charge of 0.8% of the relevant transaction amount representing the charge imposed by Visa on the transaction, or a prevailing charge of 1% of the transaction amount representing the charge imposed by MasterCard on the transaction.

From 25 June 2018,
If you enter into Singapore Dollar transactions with: (i) a local merchant that routes its payment processing through an overseas intermediary; or (ii) a merchant that is registered by its acquiring bank (the Acquirer) as having been acquired overseas, regardless of where the merchant is actually located, such transactions will be subject to a prevailing charge of 1% of the relevant transaction amount representing the charge imposed by Visa/Mastercard.

In both these cases the transaction is treated as a foreign currency transaction and the process of conversion and the exchange rate applied will be determined by the relevant payment processing intermediary or the Acquirer and not by us.
